

Fishbourne Church of England Primary School –
School Development Plan Summary 2021-2022

Model of Implementing Change: Explore – Prepare – Deliver – Sustain

Rationale:

All development at Fishbourne CE Primary School builds towards achieving an optimum pedagogic approach for learning. At each stage of implementing change, we recognise the need to explore, prepare, deliver and sustain to ensure that the changes are embedded and impactful in the long term. As a result, this SDP should be read in conjunction with the 'journey towards..' documents: <https://www.fishbourneprimary.co.uk/attachments/download.asp?file=916&type=pdf>

In the coming academic year, 2021-2022, the leadership team recognise that we move into a delivery phase of our recent changes and, in order to ensure that these changes are sustained into the future, there needs to be time for staff to deliberately practise, embed and make further refinements to the changes that have been made over the last two interrupted academic years.

While this development continues, the leadership team move into an '**explore**' stage for future development of:
*reading – approaches to phonics, teaching early reading and comprehension skill progressions
*cognitive science – what research tells us about how children can remember more
*WELLBEING for all members of our school community
